

TEVRA TIMES - June 2011

FROM THE BOSS!

As there is not a lot going on now for the next few weeks I have asked Jo to produce a shortened newsletter, hence the lack of reports. The next full newsletter will not be until late August so please have your reports in by mid August

As I write this I am rather like a one armed bandit, having this week had my right shoulder operated on to repair the rotator cuff which came to grief late last year. So far so good but it appears that it will have to remain in a sling for some weeks and during that time I will not be able to drive. A good time of the year to be laid up if one must be I suppose.

Due to the fact that I am not going to be driving far I have had to change some of the training times and these are listed below. If you are unable to fit in with these times please let me know as I am able to do some from home on request.

Take care over the winter months and please do try to do something with your dogs each day, no matter how small it may be. They do not stop to think that it is winter and that is why they are not going out as much!!!!

*Regards
Janice*
